Nonprofit Accounting & Fractional CFO Services

Nonprofit accounting, bookkeeping, financial reporting, and tax preparation for mission-driven organizations.

Our Accounting Services practice is delivered through an intimately aligned company, For Purpose Accounting—a dedicated entity built to focus exclusively on mission-driven organizations' financial needs.

Our team—composed of CPAs, former nonprofit CFOs, and financial strategists—provides tailored accounting support and fractional CFO services shaped by mission and structure. We specialize in serving nonprofits, 501(c)(3)s, private foundations, and social enterprises. From payroll coordination and fund tracking to GAAP-compliant reporting, our approach ensures accuracy, clarity, and confidence for your board, donors, and regulators.

Where FPLG offers trusted legal guidance on tax-exempt formation, compliance, governance, and compliance, For Purpose Accounting provides the financial counterpart—ensuring that all your records, reporting, and forecasts align with legal strategy and nonprofit standards. This collaboration delivers a seamless, proactive approach to compliance and long-term sustainability.

Fractional CFO Services for Nonprofits

For Purpose Accounting's Fractional CFO Services give nonprofit leaders the kind of financial leadership you want in the room—without the full-time hire. We partner with executive teams and boards to bring clarity to the numbers and confidence to the decisions.

That can include budgeting and forecasting, cash flow planning, fund-aware reporting, and building the financial systems and processes that keep things clean, compliant, and scalable. Bottom line: you get strategic oversight and practical support that helps your organization grow sustainably—while staying aligned with your mission.

Nonprofit Accounting & Financial Reporting

Our team helps nonprofit leaders create GAAP-compliant financial reports that satisfy the expectations of donors, board members, auditors, and government regulators. Whether you're preparing for tax season or a full-blown audit, submitting reports to grantmakers, or simply need greater internal visibility, the FPA team provides the tools and expertise to help you stay audit-ready and decision-empowered.

Every report delivered is prepared in accordance with nonprofit financial reporting standards, with a clear emphasis on integrity, compliance, and mission alignment.
